

Helping Hands Montessori Services
3300 Laguna Dr.
Austin, TX 78741
512-784-1842

Mission:

Helping Hands Montessori Services is designed to aid children, parents, families and schools in building a bridge and easing the transition from the home-life to the school-life. This is accomplished by creating a loving, rich, learning environment for children to thrive and grow to their fullest potential.

Welcome! I am Talitha Green, owner and director of Helping Hands Montessori Services. I was born and raised in Austin, Texas and attended Montessori school for my Primary and Elementary years, ages 3-9. I became an assistant Montessori teacher while still in high school and re-discovered my love for learning and the Montessori principles. I went on to earn a Bachelors' and Masters' degree in Education as well as my Primary and Elementary Montessori degrees from the Association of Montessori International (AMI). I taught for 12 years at the well-respected Parkside Community School in Austin, TX and received first-hand mentoring from Joe Bruno, the founder of Parkside.

HHMS was established in 2007 when I became a first-time mom to my wonderful, eldest daughter, Phoenix Love. It was in becoming a parent that my heart opened further and compassion arose for all the parents out there who are seeking to provide their children with a foundation that will best prepare them for future educational and social success.

Eight years later, I am blessed with my second daughter, Jade Ixchel, and a wonderful, supportive husband. I feel very proud that I have been able to utilize all of my training and experience to provide and offer both of my daughters a *Montessori in the home* educational environment during the highly impressionable toddler and primary years.

I would like the opportunity to extend the experience of *Montessori in the home* to your child as well. Generally, the school is offered to 18 months to 3 year olds and my In-home Consulting services are designed for children of all ages and their parents. ** One private parent consultation is included in the benefits of the school package while in attendance at HHMS.*

I look forward to meeting your family and serving your needs professionally.

My best,

Talitha Green M.Ed., AMI
